# ABOUT US

Hi! I'm Amanda Jackson, the founder of Doodalou. I have always loved babies and children. When I was growing up, I enjoyed taking care of the infants in the church nursery and rocking the babies to sleep. I have been around kids my entire life.

I graduated from college with a degree in elementary education and went on to obtain my master's degree in child play therapy. For several years, I was an elementary school teacher. Now, I am the mom of five active kids.

All of my kids loved their pacifiers, including my newest baby Mac. My youngest daughter, Juliette, loved dressing her plush animal pacifier in doll clothes. It was at this moment, that I decided to make these pacifier outfits unique and fun. Doodalou was born.

Fast forward to today, and Doodalou's products include a broad variety of fun and unique baby pacifiers, pacifier accessories, and baby apparel. Feel free to let us know what you think about our products and send us a fun picture of your little one!
